ADVERTISEMENTS.

THE GREAT INDUSTRIAL EXHIBITION of 1853, in connection with the Royal Dublin Society. To be opened on the 9th May, 1853.

FINE ARTS.—NOTICE TO EXHIBITORS.—Pictures in Oil and Water Colours (not portraits), sculptures, architectural designs, and models, unpublished engravings, medals, and engraved gems, are eligible for Exhibition.

All works intended to be exhibited, must be delivered in London as early as possible in the month of March, 1853, and none can be received after the 25th of that month, except by special application.

A suitable depôt in London will shortly be announced, to which all works of art of the above description may be forwarded, the conveyance to and from Dublin will be free to artists.

The prices of works which are for sale, will be entered in a book, and placed for reference in the Exhibition. No commission upon works sold will be charged by the Committee to Exhibitors.

Mr. Henry Maguire is specially entrusted with the superintendence of the Fine Arts Department, to whom all communications may be addressed, at the London Office, Society of Arts, Adelphi. By order, C. P. KONEY, Secretary.

SURVEYOR WANTED.—The Local Board of Health for the district of LEAMINGTON are prepared to receive APPLICATIONS from CANDIDATES for the Office of SURVEYOR, and his Assistant, for the above district. A new survey of the said district being now in course of preparation, candidates will be required to lay down thereupon a system of sewerage and drainage works for the district, and to prepare estimates of the expense thereof. They must also be competent to prepare plans, drawings, estimates, and specifications of all works connected with the sewerage, paving, making and repairing of the streets, as well as surface-cleansing, and to superintend the execution thereof, test the materials, and see to the fulfilment of the conditions of the contracts for executing such works. They will also be required to report upon all new buildings within the district as to their drainage-levels, and other conveniences, and also upon cases of nuisance, involving structural alteration for abating the same, and generally possess a thorough knowledge of all the duties required by the Public Health Act, 1848. In addition to those duties, the officers elected will be required to superintend the town water-works, and the whole of their time must be devoted to the duties of their respective offices. Persons desirous of undertaking the duties of such appointments are requested to send in their applications and testimonials, stating the amount of salary required, addressed to me, indorsed "Application for Surveyor," and forwarded to my Office, Parade-villa, Leamington, on or before SATURDAY, the 1st day of JANUARY next, where any further information may be obtained. The Board do not engage to accept the lowest, or any offer.—By order, A. HAYMES, Clerk.

Leamington, 22nd December, 1852.
